

Edgewood Children's Center
FOLLOW-UP STUDY PARTICIPATION AGREEMENT

Child's Name _____

Birth date _____

Edgewood Children's Center is participating in the "Odyssey Project," a national research study of children living away from home. The purpose of the study is to learn more about the different types of programs providing services to children, the types of children served, and what happens to the children after they leave a program. The results will be very important to Edgewood and other agencies that provide care to children, both now and in the future.

As part of this study, you will be asked to provide some information about your child and family now and after you child leaves Edgewood. Currently, we are planning to contact families six (6) months, one (1) year, and two (2) years after the child leaves Edgewood. Taking part in the study is completely voluntary; deciding not to participate will in no way affect the services your child and family receive. In addition, you can decide not to answer any of the questions at any time, and you can decide to stop participating in the study at any time.

I do not want to participate in Edgewood's follow-up study.

I agree to participate in Edgewood's follow-up study.

Please list the names, addresses, and phone numbers of three (3) relatives or good friends who will know how to contact you in case you move from your present address after leaving Edgewood.
