

## Hitchcock students raise money for quake victims

*(Tuesday, February 9, 2010)* Students at the Hitchcock School at Edgewood Children's Center in Webster Groves organized a bake sale to raise funds for victims of the Jan. 12 earthquake in Haiti. Each student brought in a variety of baked goods, and students also set up a coin jar to collect additional donations.

The school, which has just 16 students, has raised more than \$200. The funds will be donated to the American Red Cross Disaster Relief Fund.

The Hitchcock School provides a private school option for nontraditional learners in grades 6 through 12.
