Safeco® Insurance and AHM Financial Group Support Edgewood Children's Center

St. Louis, MO (May 19, 2009) — The AHM Financial Group announced today that Safeco Insurance has donated \$5,000 to Edgewood Children's Center in St. Louis, MO, to support their children's treatment programs.

Safeco's contribution was presented to Edgewood Children's Center by David Humphrey of AHM Financial Group, an appointed Safeco agency. Humphrey nominated Edgewood for a grant through Safeco's Agent Giving Program.

"Edgewood provides crucial special education for children in their residential and day treatment programs," said Humphrey. "These programs help keep families together by giving them the support, education and therapy that's so essential in the lives of these children. Safeco's grant to Edgewood Children's Center is a wonderful way to support our community".

Edgewood serves more than 300 children and family members daily. Through long- and short-term residential and day treatment, foster care case management and family reunification services, Edgewood offers highly individualized treatment, education and community-based services to children and their families.

AHM Financial Group has been a long-standing supporter of Edgewood through volunteering, financial contributions and board membership.

The Safeco Agent Giving Program provides grants to nonprofit organizations that primarily support youth and people with disabilities, with an emphasis on education and after-school programs, health and safety, and civic and cultural programs.

"Safeco is proud to provide this grant to the Edgewood Children's Center and help their efforts to improve the lives of children," said Danielle Clark, Safeco Corporate Contributions Manager.
